

Introducing...  
**foXL**<sup>TM</sup>  
**mb**

The first pocket-sized music system  
good enough for audio purists.

**foXLmb** portable stereo loudspeaker with  
wireless Bluetooth stereo for music streaming  
and noise/echo-canceling microphone for  
hands-free phone conferencing

*“This time the mad scientists at soundmatters  
have outdone themselves... the picture can't tell you how  
insanely great this little gadget actually sounds.”*

– Chris Martens, AVguide.com

# foXL™ mb

foXL defies conventional wisdom about sound – a miniature audiophile portable music system that turns the palm of your hand into a personal amphitheater. Available wireless Bluetooth stereo. Wall or battery powered. For iPod/mp3 players, laptops, mobile gaming, and more.

Two 1-inch diameter, patented, Linear Magnetic Drive™ Twoofers™ tuned to 100Hz deliver eight full octaves of music for smooth vocals & extended bass well beyond any similar-sized speaker.

Patented FlatMagic™ bass radiator, originally developed for the revolutionary SUBstage™ home theater subwoofer, extends bass by an entire octave... and the protective grille doubles as a foldout speaker stand.

## Features

- High-resolution fidelity, pocket-sized portability
- Listen wirelessly\* or connect to any music source via standard audio cable  
*\*(foXLmb with Bluetooth 2.0 ADP2 compatible music device)*

*\*\* (foXLmb with Bluetooth compatible phone or computer)*
- Up to 5 hours battery life, output wattage doubles when wall-powered
- Lithium-ion BassBattery™ re-chargable via USB or wall charger

## Specifications

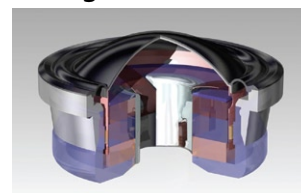

Battery Life:	up to 5 hours
Power:	4W x 2 <0.1%THD, 5V in 2W x 2 <0.1%THD, 3.6V in
Output Level:	95dB @ 0.5m, 5V 92dB @ 0.5m, 3.6V
Freq. Response:	80Hz–20kHz (DIN 4500)
Connections:	power in, audio in, sub out
AC Adapter:	5V 2A Max 10W
Accessories:	<i>included:</i> AC adapter, USB cable, 3.5mm audio cable, pouch, wrist strap
Dimensions:	143 x 55 x 35 mm (5.6 x 2.2 x 1.4 inch)
Weight:	269 gram (9.5 oz)

## The Company

Founded in 1998 as an R&D company by physicist, former NASA engineer and audio design legend Dr. Godehard Guenther, soundmatters utilizes its patented and proprietary technologies to provide a range of uniquely-small, internationally-acclaimed, high-fidelity audio solutions.

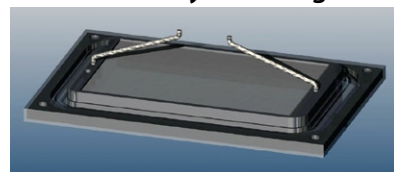

## Technology

### Linear Magnetic Drive™ Twoofers™

*Twofer™ features field-focused, back-to-back, dual Extreme-Energy™ neodymium magnets and bifilar, 1-inch, dual voice coils*

### BassBattery™/Flatmagic™

*Replaceable BassBattery™ rubber-encased, high capacity, lithium-ion battery also serves as mass for the FlatMagic bass radiator (patent pending)*
